

MADE LIBERAL PROPOSITION

Wichita Gets Principal Shops of New Railroad

FOR \$30,000 IN BONDS

Company Asks Aid from County at \$2,000 per Mile

LESS THAN ONE YEAR

Is Time Limit for Trains to Be Running

Last night the council chamber was crowded with business men and citizens who wished to hear the propositions submitted by the Nebraska, Kansas and Gulf Railway company. The meeting was called by the Commercial club and the Chamber of Commerce. At the meeting Tuesday evening a committee composed of G. M. Dickson, Ros Harris and Frank Woods, were appointed to draft a proposition which the Wichita people thought would be a fair and reasonable proposition. Mr. Wolfe and Mr. Shupe, representing the railroad company, came here from Kansas City yesterday and were handed a copy of the proposition. They of course had one of their own, but the terms and conditions of the proposition as formulated by the Wichita people was so reasonable that they accepted it and submitted it as "their own." At the meeting last night every one who heard the propositions read expressed themselves as well pleased with the proposals, and regarded them as the most liberal for Wichita and Sedgewick county that had ever been submitted. The propositions are in the form of petitions to the mayor and council and the board of county commissioners to call a special election to vote the aid for the railroad. The petition submitted for the city is as follows:

PETITION.
The Proposition That the City of Wichita, of Sedgewick County, State of Kansas, Issue the Bonds of Said City to Aid The Nebraska, Kansas and Gulf Railway Company in Securing and Paying for Lands for the Right of Way, Depot Grounds and Terminal Facilities Within the City of Wichita.

To the Honorable Mayor and City Council of the City of Wichita:

Inasmuch as The Nebraska, Kansas and Gulf Railway company, a corporation organized under and by virtue of the laws of the state of Kansas, propose to construct a line of railroad into and through the county of Sedgewick, in the state of Kansas, and into and through the city of Wichita, in the said county, the undersigned, being more than two-fifths (2-5) of the resident taxpayers of the said city of Wichita, respectfully petition the mayor and council of the said city to call a special election in said city at as early a date as practicable and legal, and at such special election to submit to the qualified electors of the said city a proposition that said city issue its bonds to the amount of thirty thousand (\$30,000) dollars and deliver said bonds to the said The Nebraska, Kansas and Gulf Railway company, to aid said railway company in securing and paying for lands for right of way, depot grounds and terminal facilities within the city of Wichita, under the terms and conditions hereinafter set forth; said bonds to be of the denomination of five hundred (\$500) dollars each, numbering from one (1) to sixty (60) consecutively, each payable to the said The Nebraska, Kansas and Gulf Railway company, or bearer, twenty (20) years after date, redeemable, however, at the pleasure of the said Board of County Commissioners at any time after ten (10) years after the date of their issue, and each bond bearing interest at the rate of four and one-half (4 1/2) per cent per annum, payable semi-annually as per interest coupons thereto attached, payable on the first days of January and July of each year; the principal and interest of such bonds to be payable at the fiscal agency of the state of Kansas in New York. The conditions upon which said bonds are to be issued and delivered to the said The Nebraska, Kansas and Gulf Railway company are as follows:

That said railway company, its successors or assigns, shall build a standard gauge railroad from a point on the north line of Sedgewick county to a point on the south or east line thereof, in and through the city of Wichita, with a suitable passenger and freight depot in the said city of Wichita; that said company shall also construct and maintain its repair shops and round-house in or near the city of Wichita, and said railroad shall be built and ready for operation of engines and cars over the same from the city of Concordia, state of Kansas, southerly to the city of Wichita on or before June 1st, 1904, and thereon southerly to the south line of the state of Kansas on or before the first day of December, 1904, unless the construction of such railroad be delayed by acts of Providence, strikes or injunctions; that when such railroad is constructed and in operation from the said city of Concordia

dia southerly through Sedgewick county and the city of Wichita to a point fifty miles south and east of the point at which said railroad crosses the south line of the state of Kansas and built its passenger and freight depots, repair shops and round-houses in or near the said city of Wichita, the said bonds to the amount of \$30,000 shall be issued and delivered to said railway company.

Also said railway company shall establish and maintain its depots, side-tracks and terminal facilities within the city of Wichita, Kansas.

Also said railway company shall, on or before the 1st day of December, 1904, acquire lands for its main shops, which said shops shall be located and erected within the following limits:

Said shops shall be located east of the sixth principal meridian and west of Hillside avenue; south of Twenty-fifth street within the city of Wichita; and it is stipulated that said railway company shall, on or before December 31, A. D., 1904, establish, acquire, construct, equip and put into operation in the city of Wichita, Kansas, division terminal facilities, to consist of freight and passenger division terminals, locomotive or round-houses and also principal machine, manufacturing and repair shops for the said railway company's lines, at which all work conveniently accessible to the city of Wichita shall be done. Said principal machine, manufacturing and repair shops to be equipped with the necessary machinery and appliances and the same to be maintained and operated by said railway company, its successors or assigns, in which shall be employed the full complement of men necessary. Each and everyone of the above conditions to be complied with by said railway company on or before December 31, 1904.

It is expressly understood and stipulated that none of the above bonds shall be issued and delivered by the city of Wichita until each and all of the above conditions shall have been fully complied with on the part of the said railway company.

And we further respectfully petition that said special election be held conformably to and as provided for by the laws of the state of Kansas applicable thereto, and that said bonds be issued and delivered to said company in accordance with the laws of the state of Kansas as set forth in sections 380-392, inclusive, of the general statutes of the state of Kansas, compiled under the authority of chapter 10 of the session laws of 1901, and that the form of ballots to be used at said election shall be prepared and issued as required by law.

The petition to be submitted to the county commissioners is as follows:

PETITION.
The proposition that Sedgewick county aid The Nebraska, Kansas and Gulf Railway company by subscribing to its capital stock and issuing bonds of said county therefor.

To the Honorable Board of County Commissioners of the County of Sedgewick, State of Kansas:

Inasmuch as The Nebraska, Kansas and Gulf Railway company propose to construct a line of railroad from the city of Concordia, in Cloud county, southerly into and through the county of Sedgewick, in the state of Kansas, the undersigned, being more than two-fifths of the resident taxpayers of the said county, respectfully petition your honorable board to call a special election to submit to the qualified electors of the said county a proposition that said county subscribe for the capital stock of the said The Nebraska, Kansas and Gulf Railway company, a corporation duly organized and existing under and by virtue of the laws of the state of Kansas, to the amount of two thousand dollars (\$2,000.00) per mile, for each mile of railroad, exclusive of side tracks, constructed by the said The Nebraska, Kansas and Gulf Railway company, within Sedgewick county, state of Kansas, and to issue the bonds of said county in the amount of two thousand dollars (\$2,000.00) per mile for each mile of railroad constructed by said railway company in said county, in payment of said subscription; that said bonds shall be each of the denomination of five hundred dollars (\$500.00) and numbered consecutively from one (1) upward, payable to the said The Nebraska, Kansas and Gulf Railway company, or bearer, twenty (20) years after date, redeemable, however, at the pleasure of the said Board of County Commissioners at any time after ten (10) years after the date of their issue, and each bond bearing interest at the rate of four and one-half (4 1/2) per cent per annum, with semi-annual interest coupons attached, payable on the first days of January and July of each year; the principal and interest of such bonds to be payable at the fiscal agency of the state of Kansas, in the city of New York.

The conditions upon which said subscription is to be made and said bonds issued and delivered, as are follows:

That said railway company, its successors or assigns, shall build a standard gauge railroad from the city of Concordia, in Cloud county, to a point on the north line of said Sedgewick county, thence to a point on the south or east line thereof and through the city of Wichita, with passenger and freight depots in the said city of Wichita. That said railroad shall be built and ready for operation of engines and cars over the same from the city of Concordia, state of Kansas, southerly to the city of Wichita on or before June 1st, 1904, and thereon southerly to the south line of the state of Kansas on or before the first day of December, 1904, unless the construction of such railroad be delayed by acts of Providence, strikes or injunctions; that when such railroad is constructed and in operation from the city of Concordia, in Cloud county, to the south line of the state of Kansas, bonds of the said Sedgewick county, to the amount of one thousand dollars (\$1,000.00) per mile for each mile of railroad constructed in said county, or one-half of the total amount subscribed by the said county, shall be issued and delivered to the said The Nebraska, Kansas and Gulf Railway company, its successors or assigns, the remaining portion of one thousand dollars (\$1,000.00) per mile for each mile of railroad constructed in said county by said railway company to be issued and delivered when the said railroad is constructed and in operation from said county southerly to a point in the Indian territory fifty (50) miles from the point at which said railroad crosses the south line of the state of Kansas.

And we further respectfully petition that said special election be called and held conformably to and as provided for by the laws of the state of Kansas applicable thereto, and that said subscription be made and said bonds be issued in accordance with the laws of the state of Kansas, as set forth in sections 380-392, inclusive, of the general statutes of said state, compiled under the authority of chapter 10 of the session laws of 1901, and that the form of ballots to be used at

BIG CROWDS ATTEND

Sunday School Institute Being Held in Methodist Church

MUCH INTEREST SHOWN

In Addresses by Mrs. Lamar-aux on Timely Topic

Both meetings of the County Sunday School Institute, which is being held in the First M. E. church, were attended by large crowds yesterday afternoon and evening, the attendance last night being exceptionally large for such a warm night.

Mrs. Lamar-aux in the afternoon address talked on "Fundamentals of Sunday School Work; Grading, Promotions, etc." Her address was very interesting and instructive. Her evening address was on the subject of "Critical Years, Twelve to Twenty-one," and in a most eloquent manner she presented the many struggles which young people have to contend with between those years, and in a very clear manner she demonstrated by illustrations from personal experiences obtained during her travels how parents and Sunday school workers can assist in a practical way these young people during the most critical years of their lives. The meeting this afternoon at 3 o'clock will be held in the parlors of the church and the subject will be "What Is Worth While in a Primary Department." Tonight at 8 o'clock in the main auditorium of the church Mrs. Lamar-aux will again take up the subject, "Critical Years, Twelve to Twenty-one," and as this will be the last night service it is expected that a large audience will be present. Mrs. Lamar-aux will leave for Chicago on Friday immediately after the afternoon session, which will close the institute.

HEAT WAS TERRIFIC.

Yesterday Was a Record Breaker Over Southwest.

While yesterday was not the hottest day of the season according to the thermometer in the weather office the condition of the atmosphere was such that there was more real suffering from the heat in Wichita yesterday than at any other time this year, and last night the average person would have said that yesterday was the hottest day of the year. The thermometer in the weather office registered 94 a little after noon, which was the highest point reached yesterday but several thermometers on Douglas avenue and Main street stood at 96 and 98 for several hours during the afternoon.

The government thermometer is very high, being located on the top of the Sedgewick block and had it been down on the ground it is thought that it would have registered much higher.

The highest registration was reached about 2 o'clock yesterday afternoon and at that time the thermometer stood at 94 degrees, while the lowest point, was 8 o'clock yesterday morning the registration was 76, at noon it was 89 and at 7 o'clock last night it had fallen back to 80. One year ago yesterday the highest temperature was 90 degrees and the lowest was 74. Had it not been for the brisk wind which blew from the south all day yesterday the heat on the paved streets would have been almost unbearable. The weather department promises no immediate change and unless there is rain soon it will naturally become warmer gradually.

MONEY FOR SUFFERERS.

Wichita Contributed to Flood and Massacre Victims.

A month ago an entertainment was given in the Teller Auditorium by the Hebrew ladies of the city for the benefit of the flood victims in Kansas and the survivors of the Kishineff massacre.

Miss Ida Joseph, secretary of the Entree Nours society of this city, yesterday received the following acknowledgment:

"Miss Ida Joseph, Secretary 'Entree Nours,' Wichita, Kan.:

"Dear Madam: I beg to acknowledge the receipt of your check through the courtesy of Mr. Lee K. Frankel and assure you of the appreciation and thanks of the central committee as well as of myself personally for your efforts in the cause of humanity.

"As treasurer of this fund, I have marveled at the spontaneity of the contributions; from Alaska to the Gulf of Mexico; from the pine forests of Maine to the waving corn fields of Ohio; from the coal mines of Pennsylvania to the golden mountains of California; from out of all the highways and byways of the territory of the East Side; from all the counting houses of the city of New York the dollars have fluttered in like leaves in the fabled valley of Valambrosa; even little children contributed their dimes and their nickels, saying: 'Schicken sie das an die kinder in Kishineff.'

"It is a fibre of historic sympathy with

CAN'T BE SEPARATED.

Some Wichita People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mrs. W. B. Brown, of 231 Ida avenue, says: "There is no necessity for my going into minute particulars about kidney complaint. Anyone who has it knows exactly the annoyance it causes, whether that annoyance comes from backache or trouble with the kidney secretions, but every one does not know how to at first check the trouble and then radically dispose of it. I went to the Moore Drug Co., 216 East Douglas avenue, for Doan's Kidney Pills and took a course of the treatment. It cured me. This should be of untold value to other ladies in Wichita."

For sale by all dealers. Price, 50 cents. Foster-Nibbarn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
